

How Corona has changed my life

Give a speech (on Schul.Cloud as a voice mail) about how Corona has changed your life.

1. Prepare a text.
2. Open Schul.Cloud on your mobile phone.
3. Choose the conversation with your English teacher.
4. Then choose "Anhang" and "Sprachnachricht"
5. Press the recording button and read the text from your preparation sheet.
6. Speak loudly and clearly!
7. Send the voice mail to your teacher!
You need not send your preparation sheet!

Talk about:

- What has changed in your life since 16th March 2020?
- How did you react when you heard that the schools will be closed for 3 weeks?
- How did your parents react?
- How does the Corona disease impact your life? (going out, shopping...)
- How long do you sleep in the mornings?
- What do you usually do in the mornings, in the afternoons, in the evenings?
- Where do you spend your free time?
- How has your social life changed? (Contact with relatives, neighbours, friends, classmates)
- Do you know anybody who is "Corona-positive"?
- How can you manage your school duties?
- How much time do you spend on school duties every day?
- How much time do you spend on your smartphone/computer?
- When you think about the time after the Easter holidays, what would you prefer? Going to school again *or* continuing learning at home?
